

NCPE After-School Enrichment Program
 Fall 2017 Class Descriptions
 Online Registration: Saturday, June 10, 2017

Class Name	Day	Grades	Instructor	Description	Cost	Size Limit
All Sorts Sports/Flag Football 	Wed (gym)	pre-k-1	Coach Sancetta	Fun with physical fitness! Designed for children to get exercise, kids will learn and practice new skills while playing a variety of sports and games in a fun, noncompetitive environment. Taught by Gould School's Mr. Sancetta, owner of Adrenaline Athletic Performance Academy, kids will learn and play soccer, T-ball, football, and more.	\$210	16
Board Game Bonanza 	Wed (classroom)	pre-k-3	Ms. Conroy & Ms. Shabazian	Learn while you play! Your child will learn skills such as turn-taking, math skills, how to be a good sport, and how to lose well, too. In addition, they will learn social skills and build friendships while playing fun and popular board games.	\$210	16
CAP (Countries and People) 	Fri (classroom)	K-3	Ms. Root	Let your child learn about different countries and other cultures with Grandview's Ms. Root! We will make fun arts and crafts activities to bring home and share with your family! Let's learn about the culture and foods of other countries together!	\$230 (incl. materials)	16
Computer Coding 	Wed (Comp Lab)	3rd	Ms. Pontrella	Back by popular demand! Taught by Ms. Pontrella, this class uses code.org to teach block coding and will build on what is being taught in Grandview's computer classes. A hot, new national trend, coding allows kids to create programs to solve problems and develop interactive games or stories they can share. All materials provided by code.org studio.	\$210	16
Drama 	Fri (music room)	1-3	Lilli Markey	Get into the "act"! This creative and fun drama class will teach children acting techniques while helping to build self-esteem through enhanced public speaking skills. This class is appropriate for new and returning students. The final class will include a performance for parents demonstrating the techniques learned.	\$210	14

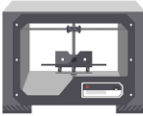

NCPE After-School Enrichment Program
 Fall 2017 Class Descriptions
 Online Registration: Saturday, June 10, 2017

Class Name	Day	Grades	Instructor	Description	Cost	Size Limit
Floor Hockey 	Tues (gym)	1-3	Mr. Checchetto	Back by popular demand! Children will have a blast participating in one of the most energetic sports, floor hockey. It is hockey without the ice and skates! Get those future NHL-ers off to a good start. Participants will learn stick handling, passing, shooting, and goal play. And of course play games! Floor hockey develops hand-eye coordination, agility, speed, and strength. Hockey sticks are provided, and plastic pucks are used.	\$210	16
Grandview Showstoppers **NEW** 	Wed (Classroom)	k-3	Ms. Doyen	Learn how to sing and dance in this beginner music class! Children will sing and perform their favorite musical numbers in a comfortable and loving environment. Stage direction, self expression, singing and dancing are a few of the skills they will practice weekly.	\$210	16
Gymnastics 	Fri (gym)	pre-k-1	Tumble Zone	Tumble Zone's trained coaches will come with mats and equipment for a fantastic gymnastics/sports program. Each week kids will learn two new basic gymnastic skills and different fun sports games. This program will provide students the opportunity to learn coordination, flexibility, discipline, and sportsmanship in a non-competitive, structured environment.	\$210	14
Helping Hands 	Wed (classroom)	k-3	Ms. Doyen	Get into the spirit of helping! Each week we will learn about a different charitable organization and do a service project associated with their mission. Your child will write letters to troops, make cat nip toys for the local humane society, and much more!	\$230 (includes materials)	12
Karate Kids 	Tue (K-wing)	pre-k-2	K Dojo Warrior Tribe of Fairfield	Get a "kick" out of karate! Your child will work to develop confidence, coordination, focus, flexibility, and self-discipline as they learn the art of self-defense. This class is appropriate for new and returning students. Taught by K Dojo Warrior Tribe of Fairfield, students are rewarded with colored belts, based on a traditional martial arts "belt system." Since this is a Beginner Level program, yellow belt is the highest level awarded in this class. (Trophies will be awarded instead to students who have completed their yellow belt/third session.)	\$250 (includes shirt & belt)	18

NCPE After-School Enrichment Program
 Fall 2017 Class Descriptions
 Online Registration: Saturday, June 10, 2017

Class Name	Day	Grades	Instructor	Description	Cost	Size Limit
Kids in the Kitchen 1 	Tues (teacher's lounge)	k-2	Ms. Pennisi	Let's get cooking & baking! Each week students will learn the steps to follow a recipe and create delectable treats! From measuring and pouring to mixing and eating, kids will learn how to put their own touches on delicious and edible creations.	\$250 (includes materials)	16
Kids in the Kitchen 2 	Mon (teacher's lounge)	1-3	Ms. Pennisi	For those who couldn't get enough of Kids in the Kitchen, a more advanced class with different recipes has been created. Continue to build your cooking skills and impress your friends and family with your skills. Kids in the Kitchen 1 is not a prerequisite for this class.	\$250 (includes materials)	16
Pencil Drawing 	Wed (classroom)	pre-k-1	Ms. (Mazzacone) Raimondi	Back by popular demand, Grandview's own Ms. Ramondi will teach basic pencil drawing and sketching techniques while students increase their sense of artistic balance, observation, and confidence. <i>Classes are divided by grade to include challenging age-appropriate lessons.</i>	\$230 (includes supplies)	20
Pencil Drawing 	Tues (classroom)	1-3	Ms. (Mazzacone) Raimondi	Back by popular demand, Grandview's own Ms. Ramondi will teach basic pencil drawing and sketching techniques while students increase their sense of artistic balance, observation, and confidence. <i>Classes are divided by grade to include challenging age-appropriate lessons.</i>	\$230 (includes supplies)	20
Speed, Quickness & Agility 	Mon (gym)	1-3	Coach Sancetta	Learn the secrets of the pros! This class is designed to teach students how to run faster and become more agile, flexible, and strong. Gould School's Mr. Sancetta, owner of Adrenaline Athletic Performance Academy, will teach proper form and body mechanics, beneficial for all athletic pursuits. Age-appropriate drills and games will be used to enhance students' athletic aptitude.	\$210	18

NCPE After-School Enrichment Program
 Fall 2017 Class Descriptions
 Online Registration: Saturday, June 10, 2017

Class Name	Day	Grades	Instructor	Description	Cost	Size Limit
 Grossology	Mon (art room)	k-3	Artsy Smartsy	Enter a world of all things gross! Learn how the body works - boogers, ear wax, burps and barf. We'll create artwork, do basic science experiments and have a total blast as we learn about the world full of grossness that lives within us!	\$250 (includes materials)	18
 Yoga	Tues (library)	k-3	Indigo Yoga	Children's yoga provides a foundation for a child's balance and happiness that will last a lifetime. Each class is relaxing, challenging, and FUN! Themed classes provide a large variety of engaging activities on animals, geography, space, and personal ideas like self-love, friendship, and anger. Children will prowl like a lion, balance like a tree, and shine like a star. The best yoga pose is a SMILE!	\$210	16
 Challenger	Fri (GOULD)	5-6	Ms. Linden & Mr. Gesario	Challenge the mind! This class is for students who want to challenge themselves outside the classroom. Students will use creative thinking and problem solving to work through the fun, yet challenging Language Arts and Mathematics lessons, <i>which will differ each semester</i> . The class is geared toward students seeking to enrich their critical-thinking skills. It is suggested for students to have a minimum of 220 MAP score. NOTE: Class meets 7:45-8:30 am.	\$210	14/grade
Google Computer Science First Club 	Fri (GOULD)	4-6	Ms. Jeffrey	This class uses Scratch to teach block coding. Each Computer Science First Club is based on a real-world theme, with all materials provided by Google. A new theme will be introduced, so repeat students are welcome. Field trip to Apple Store.	\$230 (includes supplies)	12
3D Printing Exploration 	Mon (GOULD)	4-6	Ms. Jeffrey	Tinkercard is a simple, online 3D design and 3D printing tool. Tinkercard can be used to make toys, prototypes, home décor, Minecraft models, jewelry- the list is truly endless! Whoever you are...you dream it, you can make it. The goal is for students to become a proficient Tinkerer! NOTE: Class meets 7:45-8:30 am	\$210	12
