

NCPE After-School Enrichment Program  
 Fall 2018 Class Descriptions  
 Monday

Class Name	Day	Grades	Instructor	Description	Cost	Size Limit
Grossology (Science) 	Mon (art room)	k-3	Artsy Smartsy	Enter a world of all things gross! Learn how the body works - boogers, ear wax, burps and barf. We'll create artwork, do basic science experiments and have a total blast as we learn about the world full of grossness that lives within us!	\$250 (includes materials)	18
Kids in the Kitchen 1 	Mon (teacher's lounge)	k-2	Ms. Pennisi	Let's get cooking & baking! Each week students will learn the steps to follow a recipe and create delectable treats! From measuring and pouring to mixing and eating, kids will learn how to put their own touches on delicious and edible creations.	\$250 (includes materials)	16
Karate Kids 	Mon (K-wing)	pre-k-2	K Dojo Warrior Tribe of Fairfield	Get a "kick" out of karate! Your child will work to develop confidence, coordination, focus, flexibility, and self-discipline as they learn the art of self-defense. This class is appropriate for new and returning students. Taught by K Dojo Warrior Tribe of Fairfield, students are rewarded with colored belts, based on a traditional martial arts "belt system." Since this is a Beginner Level program, yellow belt is the highest level awarded in this class. (Trophies will be awarded instead to students who have completed their yellow belt/third session.)	\$250 (includes shirt & belt)	18
Flag Football 	Mon (gym)	1-3	Coach Sancetta	Football season is here! Coach Sancetta will run indoor flag football so kids can learn the rules, run some plays and enjoy the game!	\$210	16

NCPE After-School Enrichment Program  
 Fall 2018 Class Descriptions  
 Tuesday

Class Name	Day	Grades	Instructor	Description	Cost	Size Limit
Floor Hockey 	Tues (gym)	1-3	Mr. Checchetto	Back by popular demand! Children will have a blast participating in one of the most energetic sports, floor hockey. It is hockey without the ice and skates! Get those future NHL-ers off to a good start. Participants will learn stick handling, passing, shooting, and goal play. And of course play games! Floor hockey develops hand-eye coordination, agility, speed, and strength. Hockey sticks are provided, and plastic pucks are used.	\$210	16
Yoga 	Tues (library)	k-3	Indigo Yoga	Children's yoga provides a foundation for a child's balance and happiness that will last a lifetime. Each class is relaxing, challenging, and FUN! Themed classes provide a large variety of engaging activities on animals, geography, space, and personal ideas like self-love, friendship, and anger. Children will prowl like a lion, balance like a tree, and shine like a star. The best yoga pose is a SMILE!	\$210	16
Kids in the Kitchen 2 	Tue (teacher's lounge)	1-3	Ms. Pennisi	For those who couldn't get enough of Kids in the Kitchen, a more advanced class with different recipes has been created. Continue to build your cooking skills and impress your friends and family with your skills. Kids in the Kitchen 1 is not a prerequisite for this class.	\$250 (includes materials)	16
Board Game Bonanza 	Tues (Classroom)	pre-k-3	Ms. Conroy & Ms. Shabazian	Learn while you play! Your child will learn skills such as turn-taking, math skills, how to be a good sport, and how to lose well, too. In addition, they will learn social skills and build friendships while playing fun and popular board games.	\$210	16
Art a la Carte 	Tues (Art room)	pre-k-2	Artsy Smartsy	There's no doubt about it – kids love to create! By practicing the basics of art making, they experience a whole new way of seeing the world and expressing themselves. We'll learn about different kinds of art through time, then we'll draw, paint, collage & sculpt, and create beaded and handmade projects, bringing kids a fresh and fun way to see their art and a result they will be proud to show off.	\$250 (includes materials)	16

 Fall 2018 Class Descriptions  
 Wednesday

Class Name	Day	Grades	Instructor	Description	Cost	Size Limit
All Sorts of Sports 	Wed (gym)	pre-k-1	Coach Sancetta	Fun with physical fitness! Designed for children to get exercise, kids will learn and practice new skills while playing a variety of sports and games in a fun, noncompetitive environment. Taught by Gould School's Mr. Sancetta, owner of Adrenaline Athletic Performance Academy, kids will learn and play soccer, T-ball, football, and more.	\$210	16
Computer Coding 	Wed (Comp Lab)	3	Ms. Pontrella	Back by popular demand! Taught by Ms. Pontrella, this class uses code.org to teach block coding and will build on what is being taught in Grandview's computer classes. A hot, new national trend, coding allows kids to create programs to solve problems and develop interactive games or stories they can share. All materials provided by code.org studio.	\$210	16
The Art of the Storyboard 	Wed (Art Room)	1-3	Artsy Smartsy	Kids explore the world of creative writing & publishing as they collaborate on a storybook whose main character is a fun love kid who gets into all kinds of silly situations. They write, draft and edit the story, develop a cast of characters, illustrate it, create a storyboard and by the course's end each bind a book of the story for their personal library	\$250 (includes materials)	16
Grandview Showstoppers 	Wed (Classroom)	k-3	Ms. Doyen	Learn how to sing and dance in this beginner music class! Children will sing and perform their favorite musical numbers in a comfortable and loving environment. Stage direction, self expression, singing and dancing are a few of the skills they will practice weekly.	\$210	16

NCPE After-School Enrichment Program  
 Fall 2018 Class Descriptions  
 Friday

Class Name	Day	Grades	Instructor	Description	Cost	Size Limit
Gymnastics 	Fri <i>(gym)</i>	pre-k-1	Tumble Zone	Tumble Zone's trained coaches will come with mats and equipment for a fantastic gymnastics/sports program. Each week kids will learn two new basic gymnastic skills and different fun sports games. This program will provide students the opportunity to learn coordination, flexibility, discipline, and sportsmanship in a non-competitive, structured environment.	\$210	14
Drama 	Fri <i>(Library / Comp Lab)</i>	1-3	Lilli Markey	Get into the "act"! This creative and fun drama class will teach children acting techniques while helping to build self-esteem through enhanced public speaking skills. This class is appropriate for new and returning students. The final class will include a performance for parents demonstrating the techniques learned.	\$210	14
Helping Hands 	Fri <i>(classroom)</i>	k-3	Ms. Doyen	Get into the spirit of helping! Each week we will learn about a different charitable organization and do a service project associated with their mission. Your child will write letters to troops, make cat nip toys for the local humane society, and much more!	\$230 (includes materials)	12

NCPE After-School Enrichment Program  
Fall 2018 Class Descriptions  
Gould

Class Name	Day	Grades	Instructor	Description	Cost	Size Limit
Fantasy Football 	Monday GOULD <i>Classroom</i>	4-6	Mr. Chechetto	Learn, play, score! Taught by Principal Checchetto, students create fantasy teams picking professional players and earn points based on their performance in games. Students will work on a variety of skills including organizing data, graphing and probability. Math skills and Football- what could be better!	\$210	16
Spanish Conversation and Culture 	Monday GOULD <i>Classroom</i>	4-6	Ms. Reyes & Mrs. Delgado	The course is tailored to help students from different levels to improve their listening comprehension and speaking skills in Spanish while having fun. Students will participate in meaningful activities, simple conversations and discussions about daily life and world events using the target language. Class will be taught in Spanish. Materials use in class: computers, notebook, books, headphones.	\$210	18
Google Sites Web Design 	Tuesday GOULD <i>Comp Lab</i>	4-6	Ms. Jeffrey	Learn how to design your own website using Google Sites. Learn site navigation, embed code, upload images and how to personalize your site.	\$210	12
3D Printing Exploration 	Wednesday GOULD <i>Comp Lab</i>	4-6	Ms. Jeffrey	Tinkercad is a simple, online 3D design and 3D printing tool. Tinkercad can be used to make toys, prototypes, home décor, Minecraft models, jewelry- the list is truly endless! Whoever you are...you dream it, you can make it. Some experience necessary.	\$210	12
Challenger 	Friday GOULD <i>Classroom</i>	5/6	Mr. Corigliano & Mr. Gesario	Challenge the mind! This class is for students who want to challenge themselves outside the classroom. Students will use creative thinking and problem solving to work through the fun, yet challenging Language Arts and Mathematics lessons, <i>which will differ each semester</i> . The class is geared toward students seeking to enrich their critical-thinking skills. It is suggested for students to have a minimum of 220 MAP score. <b>NOTE: Class meets 7:45-8:30 am.</b>	\$210	14/grade
